Coral Cove club would better serve the personnel on Torii Station if all aspects of the club operated 7 days a week.
Coral Cove Jr is not open for the majority of the year, it would be nice if it was an all weather facility and open year round.

I feel that Torii is overlooked so much because we are so small. Our people are some of the best in the world but yet are treated by our higher command at Camp Zama as if they don't know what they are doing. The single and unaaccompanied Soldiers are the most overlooked that I've seen in my 9 year career. The BOSS program is one of the best and they are using so little to make the single and unaccompanied Soldiers life a little better. More attention should be paid to what the soldier wants and not how to cut a budget. We should have our own garrison so that the people who live and work on Okinawa understands what the concerns are because they live them everyday, not someone who doesn't even live on Okinawa trying to tell us how to live. Thank you.

The Torii Theater should be renovated and re-opened for movie watching. Movie offerings should be moved from the Coral cove back to the Theater.

There no Army services for children on this post. My child goes to school at Killin and I work on Torii. It would be nice to have a summer camp on Torii. When the children are out of school for the summer they would be able to come to Torii for camp everyday. If this was available I would not have to spend so much time looking for a place and running to get there after work.

There are a few things I think would help:

1. On post (Torii Station) and post to post (Torii Station to Fort Buckner) free transportation
2. A free, high speed Internet facility for the Soldiers and dependents (Torii Station)
3. More places to eat
4. Larger PX and Military Uniform and Clothing store

The Volunteer Program is a great program that ACS has to offer. I love volunteering with ACS and the local community. ACS has so many wonderful programs.

I would like to see more sport acctivities for children.

i am very disgruntled. i cant stand my 1st line, my ncoic or my 1sg, so i have nobody to complain too. the open door policy is a lie, if you need to talk to the bc you have to go through the chain of command and theyll just try and stop you, but wont do anything to help your situation.

Coral Cove:

Breakfast and dinner menus are limited. Would like to see the following additions:

Breakfast: Hashbrowns prepared on the grill, not in the deep fryer. Sausage gravy. Walk-away egg and muffin sandwiches similar to Charley's menu items on Kadena AB. Add take-out menu selections.

Dinner: Would love to have the t-bone steak special back. Was the best steak and fries on island!

Movie night on the big-screen television is a good addition. Just haven't cared for the recent selection of movies. Otherwise, makes for a wonderful Thrusday or Friday night dinner and a movie! Please contine!

Torii Autocraft Shop:

Perhaps the best Army benefit on Torii Station. This shop saved me several hundred dollars while preparing my vehicles for their JCI. This shop has also served family members of deployed Soldiers. One great addition would be the purchase of a brake rotor turning machine.

Torii Arts and Craft Shop:

Another great benefit on Torii Station. Helpful staff and convienant location for different personal projects. Please continue to support.

How about replacing the express Franks Franks / Anthony's Pizza with an express Pizza Hut Express / Subway express. Better taste and much healthier selection, too.

Currently use Air Force facilities

ACS Concerns

Overall Comment

I would like to see services expanded at the Torii location. The theater has been out of operation for a long time. The gym is probably the facility I use most, along with the beach facilities. Torii is a small location, so I understand the limited services. However, MWR is an important aspect of a soldiers life overseas as well as other people who work on the installation.

I would like to see an internet cafe. The Army LAN network is getting tighter and there has been talk about other internet services on base loosing connectivity (Library & Education Center). This would pose a huge problem for those soldiers who are away from family or trying to continue their education via internet.

A whole foods approach to the food at the Coral Cove Club could greatly benefit the overall health of the community. It would certainly attract a greater variety of people. This does not include the "Lite, Low-calorie, or No Carbohydrate" fads that are attacking our public, but a more natural approach to food choices.
